IDENTIFIERS	*State University of New York

ABSTRACT

Data on tuition and other student costs for the State University of New York (SUNY) are presented, along with a brief narrative summary. Information is provided on: in-state and out-of-state tuition charges for graduate and undergraduate students, 1980-1986; trends in undergraduate and graduate student tuition and other charges by program level, 1963-1986; trends in tuition and required fees for each SUNY campus and for specialized colleges, 1980-1986; trends in basic student charges for undergraduate students, graduate students, students living in campus residence halls, and all other students, by campus, 1980-1986; and trends in the distribution of other basic student charges (books and supplies, transportation, personal, and miscellaneous) for students living in campus residence halls, students living in noninstitutional housing in the community, and commuter students, by campus, 1980-1986. The data show that tuition charges have not consistently increased but rather have gone in steps, remaining constant for a period of time, then making a jump. A standard college fee and student activity fee are charged to students in the state-operated institutions, excluding the statutory colleges. (SW)

INTRODUCTION

This report presents the results of the survey of Institutional Characteristics for institutions of the State University of New York. These data are collected annually in the fall of each year by the Central Office of Institutional Research.

The total student costs consist of fixed costs (tuition and fees) and variable costs (room, board, books, personal items, transportation and miscellaneous). The data are collected with the cooperation of the campus Financial Aid Offices and represent the dollar figures that are used in putting together the financial aid packages for students. The figures for the variable costs thus represent averages. As such, there may be substantial differences between those figures listed and actual expenditures made by individual students for the variable costs as this will be a combination of their individual tastes and funds available.

The data collected for the individual costs by institution were added to the APL computer file that was set up last year. Trend data for each year since 1980-81 now resides in this file. Data relating to the variable portions in years prior to 1980 were collected at a higher level of aggregation and are therefore not included with the trend tables.

We would like to thank those individuals on the campuses who are responsible for providing this office with timely and accurate data. The collection of this information required their extensive cooperation and continued effort. Our gratitude is also extended to this office's secretarial staff of Mses. Carol Hart, Vikki Mazzone and Margaret Rings who were responsible for the proper distribution of the publication.

SUMMARY

Fixed Charges

Fixed charges in this report are those required of all full time students, regardless of their program. Differing charges would be applicable to part time students. Certain assessed charges, e.g. lab fees required within certain programs, are not enumerated since they are not applicable to all students. Table 86/171 lists these charges by institution and institution type for the last six academic years.

Tuition

Tuition charges have not consistently increased but rather have gone in steps, remaining constant for a period of time, then making what appears to be a rather large jump. (See Figures 1 and 2). If instead, the tuition rate had increased at a consistent annual rate each year from 1963/64, when standard rates were put into effect at the state operated institutions, until this past fall, the yearly rates of increase (excluding the Statutory Colleges) would have been:

Undergraduate	
NYS Residents	5.68%
Out-of-State Residents	7.91%
Graduate Tuition	
NYS Residents	5.97%
Out-of-State Residents	8.67%

College Fee

A standard $25 college fee is charged to all full time students in the State operated institutions excluding the Statutory colleges.

Student Activity Fee

With the exception of the Statutory Colleges, each SUNY institution has a mandated student activity fee. This fee varies by institution but is generally used to cover a spectrum of activities which may include recreational and social activities, musical groups, athletic activities, student publications, theatrical productions, class activities, etc. This year's fee ranges from a low of $12 per year at Empire to a high of $126 at Stony Brook with an average of $83.

Other Required Fees

This category of expense only existed for three state operated institutions in 1985-86. These were:

1. Maritime	$30 - barber fee
2. Canton	$10 - placement fee
3. Farmingdale	$34 - accident/health insurance

Other Required Fees (continued)

Health insurance was reported in this category last year for Buffalo Center and Buffalo Health Science Center. This fee has been moved to the miscellaneous category; students are required to have health insurance, but if they are covered as a dependent under a policy held by their parents, or through some other source, there is no requirement to purchase insurance through the school. This methodology is used by others as well.

Variable Charges

Items in the variable cost category are itemized separately for three cohorts of students: those living in campus residence halls, those living in non-institutional housing in the community, and commuter students living at home.

Room and Board Charges/Allowances

For residence hall students, the reported room charges represent the standard charge for a double room. Of the 31 State operated institutions, three are non-residential colleges: Empire State College, the College of Optometry and the College of Technology at Utica/Rome. Students attending one of the five statutory colleges receive room and board through the endowed college counterpart. Syracuse University provides room and board facilities for students at the College of Environmental Science and Forestry. For the remaining 22 State-operated institutions, the room charge has been fixed and has been determined by the State University Board of Trustees. The charge for a standard double room during 1985-86 was $1550. Starting with the 1986-87 academic year, the room charges will be determined individually at each campus with approval by the Trustees.

With the exception of the Health Science Center at Brooklyn and Health Science Center at Syracuse, meal plans are also available at the residential colleges. Meals are typically provided by a campus affiliated faculty student association with a variety of plans being offered. The tabulated costs in this publication are for the modal board charge on each campus. A comparison of the combined room (standard double) and modal board charge for the last six years shows:

ACADEMIC YEAR	STATE OPERATED INSTITUTIONS AMOUNT	%INC.	STATUTORY COLLEGES AMOUNT	%INC.	ENV. SCI & FORESTRY AMOUNT	%INC.
1980-81	1,903	---	2,410	---	2,560	---
1981-82	2,139	12.4%	2,710	12.4%	2,720	6.3%
1982-83	2,361	10.4%	3,000	10.7%	3,050	12.1%
1983-84	2,584	9.4%	3,202	6.7%	3,300	8.2%
1984-85	2,800	8.4%	3,393	6.0%	3,520	6.7%
1985-86	2,847	1.7%	3,577	5.4%	3,810	8.2%

Room and Board Charges/Allowances (continued)

As noted earlier, the room and board allowances reported by the campuses for students living in the community in non-institutional housing and for those students living at home represent average amounts used in constructing a student budget.

Room and Board Allowances
Students living in Non-institutional Housing
in the Community and Commuter Students
Living at Home

ACADEMIC YEAR	NON-INSTITUTIONAL HOUSING AMOUNT	%INC.	COMMUTER STUDENTS AMOUNT	%INC.

1984-85	2,523	3.3%	1,122	2.6%
1985-86	2,709	7.4%	1,180	5.2%

Other Student Costs

This represents the remaining costs to students and is broken down into the following categories:

- Books and supplies
- Transportation
- Personal items
- Miscellaneous

These items will vary the most in dollar size amongst students. Again, the amounts reported are those used to construct a student budget. The methodology used by each financial aid office to determine a student budget may vary from one year to the next. Therefore, for making comparisons, either year by year for a given institution, or in comparing two different institutions, one should look at costs in their totality as well as individual allowances.

Separate listings for each category are found in table 86/173; totals of other student costs are in table 86/173.

FOOTNOTES

[a]Original constituent institutions of the State University of New York at its establishment in 1948.

[b]Date of establishment as a state college or institution.

[c]Date of incorporation into State University of New York.

[d]As of July 1, 1975, New York City Community College and the other community colleges (not shown here) sponsored by the New York City Board of Higher Education were no longer a part of the State University of New York.

NOTE: Dates preceding date indicated for establishment as a state college or institution refer to institutional antecedents of the present college or university. These may have been private institutions or controlled by a governmental entity other than the state. Intermediate institutional developments such as other college affiliation or date of first baccalaureate program offering have been omitted for the sake of brevity.

*The Health Sciences Centers at Buffalo and Stony Brook are shown separately here from their respective core campuses.

FOOTNOTES - all footnotes appear at the end.

FOOTNOTES

[a]Excluding the Statutory Colleges at Cornell and Alfred.

[b]Tuition charges for Optometry (O.D. program) were calculated the same as Law and Pharmacy prior to 1977-78.

[c]The figures shown are for a full-time student for an academic year; part-time student fees are scaled accordingly. In addition to the college fee, a student activity fee may be levied on the students by their own action. Whether or not there shall be such a fee is determined by student referendum on the campus. From 1977-78 through 1978-79, a student health service fee ranging from $12.00 to $20.00 was collected at all State-operated institutions except for Empire State and Optometry.

[d]An average was not calculated for this period.

[e]The figures shown are the standard room rates; specific charges may vary according to accommodations.

[f]Not all campuses have meal plans; of those that do, some have seven-day plans and others five-day plans. Exact charges vary among campuses. The figures shown represent an average charge for a seven-day plan. Average board charges for the last six academic years, 1979-80 through 1985-86, have been modified to omit from the calculation of the average those charges to Forestry and Statutory College students.

FOOTNOTES

N/A = Not Available.

Source: 1985-86 Academic Year and Basic Student Charges Supplement (86-13).

[a]The amounts shown under the category "Tuition and Required Fees" represent charges to full-time students for the entire academic year. For Community Colleges, the out-of-state tuition rate may be up to three times the in-state rate. Tuition and required fees are set by the State University Board of Trustees for all institutions except the Statutory Colleges and the Community Colleges. The table on pages 3 to 6 displays the history of the tuition rates and required fees for State-operated institutions as established by the State University Board of Trustees. Apparent discrepancies between the attached table and the foregoing trends of tuition and required fees reflect additional fees required at the local campus level. The rates of the Statutory Colleges at Cornell and Ceramics are set by their respective Trustees after consultation with the State University Board of Trustees. While the rates of the Community Colleges are established by each respective county, they cannot exceed $1,350 for full-time resident students.

[b]In providing information for the category "Room, Board and Other Costs," campuses were requested to coordinate their response with the institution's Financial Aid Officer so as to reflect the cost factors used in constructing a student budget. The data for "Other Costs" exclude tuition, required fees, and resident student room and board charges but include books and supplies, transportation, and personal expenses such as clothing, laundry, cleaning and entertainment.

[c]Board plans are not available at the Health Science Center at Brooklyn or the Health Science Center at Syracuse. Dollar amounts listed represent allowances within student budget for board.

[d]The $370-$400 room & board costs for commuter students at Stony Brook Core & Health Sciences Center (HSC) for 1980-81 reflect budgeted costs for lunch only. The $400, $800 and $720 under the room and board category for the past six years at the HSC is for lunch only. At the HSC, the "other costs" figures have been revised to reflect those for undergraduate students in a 10-month program. Costs differ for undergraduate 9 and 11-month students as well as for dental and medical students.

[e]Effective with 1980-81, the room, board and other costs reported for Empire State College reflect expenses for a twelve month academic year.

[f]Empire State College began admitting graduate students in Spring 1984.

[g]"Other Costs" at Maritime includes an average cost of $300-$400 per year for uniforms.

[h]Maritime does not have non-resident students.

[i]Included within the "Other Costs" component for three Cornell Colleges is a $100 travel allowance for students from New York State. Higher travel allowances are budgeted for students from other states and Canada. The travel allowance for students in the College of Veterinary Medicine is $300 when the student is from New York or a contiguous state.

86/173-15

Source: Characteristics of Public Institutions Basic Student Charges Supplement Academic Year 1985-86 85-13). Instructions for completing the report recommended that enrollment contacts coordinate their response with the institution's Financial Aid Officer so as to reflect the cost factors used in constructing a student budget. While the data for "Other Costs" category reflect estimates in some instances, these costs are typical for full time, single, financially dependent students for one academic year. Tuition, required fees, and student room and board charges/costs have been excluded from the "Other Costs" category.

FOOTNOTES

[a]Effective with 1980-81, the room, board and other costs reported for Empire State College were for a twelve month academic year.

[b]An additional $170 was allowed at Purchase for 1980-81 and 1981-82 for supplies related to performing arts programs.

[c]These costs for Stony Brook Health Sciences Center have been revised to reflect the costs for undergraduate students in a 10-month program. Costs differ for undergraduate 9 and 11 month students as well as for dental and medical students.

[d]The miscellaneous category at Maritime covers uniforms and represents an average annual cost.

[e]Transportation cost reflected are minimum range values at the following community colleges: Corning, Fashion Institute of Technology, Jefferson and Mohawk Valley.

[f]The 1980-81 figures for Erie Community College reflected costs for North Campus students. While costs for students at the other two campuses varied, it should be noted that from $60 to $300 was budgeted for City Campus students for uniforms and equipment.

[g]Depending on major, for 1980-81 books and supplies were budgeted at $500 to $1000 at Fashion Institute of Technology and at $200 to $375 at Mohawk Valley Community College.
